YTB partners with the York Revolution for “RBI Guy”

As part of our 10th Anniversary year, York Traditions Bank has worked with the York Revolution to create the “RBI Guy” contest!

This season, a Revolution player is chosen at the beginning of each home game as the “York Traditions Bank RBI Guy.” When that player comes up to hit, fans are encouraged to cheer him on to bat in a run. If he’s successful, some lucky winners chosen at random receive a money bag which contains a 10th Anniversary certificate. The certificate, featuring a photo of our very own President, can be redeemed for \$10 cash at any of our branches.

This promotion is a great way for us to support our local Revs team while creating awareness about serving our hometown for a decade, and it gives us a chance to talk with some people in the community who love York as much as we do!

We encourage you to get out to a York Revolution game soon. Support the Revolution and bank on the home team with the “York Traditions Bank RBI Guy!” Go Revs!

Letter from the President

Although York Traditions Bank's official 10th Anniversary is not until October 28, I have found myself reminiscing ever since the calendar turned to the new year. But as I look back, I also look ahead to the next decade with great anticipation.

Our original Core Values have remained the cornerstone for our strength and stability, even through the leanest years, and we are poised to develop quality growth and expanded presence in the years ahead. Despite the sluggish economy, York County businesses and individuals increasingly select us as their community bank of choice, enabling us to grow overall assets, loans, and deposits organically, and achieve enhanced profitability.

On the regulatory front, much uncertainty surrounds the evolution of Dodd Frank. We will seek not just to comply, but to differentiate ourselves from other banks - striving to minimize the impact on our customers and, in fact, applying innovative thinking to uncover new opportunities.

Much has been accomplished already in 2012. We institutionalized our Exquisite Service Culture with "INVESTED." We unveiled our newest efforts in our women's initiative with "Her Traditions." And we continue to add to our team of experienced, dedicated, and caring Associates who deliver unparalleled service to our clients day in and day out, as well as make a positive impact on our community through their volunteer efforts.

And there is more on the immediate horizon. The offering of Mobile Banking and the forthcoming introduction of Instant Issue Debit Cards will provide even greater convenience and access to our services. We are in the midst of an Enterprise Risk Management process - a comprehensive approach to proactively manage all risks. Our plans for strategic branch expansion continue to develop. And we recently announced the purchase of what will become our central administrative building at 226 Pauline Drive, York.

Each time I recall why the original founders created a local banking choice for York County 10 years ago, I am inspired to look forward to what more we can accomplish together for our stakeholders.

Enthusiastically,

Mike Kochenour
Chairman, President and CEO

Traditions in the

Last holiday season, York Traditions Bank teamed up with the **York Daily Record/Sunday News** as the collection point for their **Annual Christmas Emergency Fund**. Newspaper readers, along with our customers, responded generously, and we were happy to present the **York County Food Bank** with a check for \$13,321.51 to help the hungry in our local area.

According to Teri Clinton, who coordinated the effort for the Bank, "It was so heartwarming to see the checks add up, along with the notes of kindness that accompanied them. It just made my holiday!" We hope that the York Daily Record/Sunday News will ask us to make this a yearly tradition.

This is the fourth year they have participated in beautifying our community by collecting about 50 pounds of trash and litter along the Boulevard from South Keesey Street to Edgewood Road. United Way Day of Action was held on June 21, 2012, and Team Traditions volunteered at Cross Keys Retirement Village for a "Day at the Fair." Our Associates spent time with the residents playing games, serving lunch, and passing out cotton candy, popcorn, and snow cones. Despite the heat, it was a fun-filled and extremely rewarding day for those who participated. They can't wait to do it again next year!

Bank News

“INVESTED” IN SERVING OUR CUSTOMERS

Since our inception, York Traditions Bank has been dedicated to providing exquisite customer service. On May 11, 2012, all of our Associates came together in the St. Charles Way lobby to focus in on this commitment to our customers with **INVESTED**, the Bank's new acronym for service standards.

After a presentation revealing what the letters in **INVESTED** stand for, each Associate signed posters which are now hanging in our branch lobbies and business divisions. They were also given a special coin in recognition of the commitment they make to these standards every day. Look for the posters and coins displayed when you visit our branches, and discover what **INVESTED** means to us... and ultimately, *to you!*

PUTTING YOUR HOME TO WORK FOR YOU

Record low interest rates have opened the doors to some wonderful opportunities for homeowners to make the most of their money.

What is the current interest rate on your home mortgage? It may be time to **REFINANCE!** Talk with our expert originators today about whether it makes sense to refinance your mortgage. Depending on your situation, you could lower your monthly payments or cut down on the length of your current loan. Call 747-2651 for more details.

It's also a great time to talk with us about a **HOME EQUITY LOAN** or **LINE OF CREDIT**. Use it to make home improvements, consolidate debt, pay for college tuition, buy a new car, take a vacation, or just have funds available in case of an emergency. Call Sue Schroeder at 747-2608. She'll explain the difference between a home equity loan and line of credit, and help you decide which solution may be right for you!

Attention: York Traditions Bank has lowered the minimum withdrawal amount from Home Equity Lines of Credit from \$500 to \$100!

KIMBERLY AMBERMAN has recently become York Traditions Bank's fourth mortgage originator.

Kim joined the York Traditions team

in 2009 as a Loan Booking Specialist in the Loan Administration Department. She transitioned to the Mortgage Department in May of 2011 as a Mortgage Services Specialist and was promoted to Mortgage Services Partner in April of this year. Kim is based at our White Street Branch, which now allows us to have a dedicated mortgage originator at each of our four branches.

Chairman, President and CEO, **MICHAEL KOCHENOUR**, and Managing Director of Personal Banking, **CAROLYN SCHAEFER**, were recognized for reaching 40 or more years in their banking careers at the Pennsylvania Bankers Association Spring Summit for the Central Pennsylvania Region on April 9, 2012.

BANK PURCHASES PROPERTY, ANNOUNCES PLANS FOR ADMINISTRATIVE CENTER

York Traditions Bank announces the recent purchase of the property and building that formerly housed The Room Store at 226 Pauline Drive in York Township.

Founded in 2002 with 13 Associates and one branch at 235 St. Charles Way, the Bank now employs 75 Associates and has three additional York County branches. Currently, all Administrative, Operations, Business Services, and Mortgage Services departments are located at the original St. Charles Way site. With available office space maximized, expanded facilities are necessary to support York Traditions Bank's current and anticipated growth.

We will develop the vacant 27,600 square-foot building into a central administrative center. While plans are still being formulated as to which departments will be relocated to the new building, it is certain that the St. Charles Way Retail Branch will continue to operate at its current location. The move should occur sometime during the first quarter of 2013. We'll share more details in our next newsletter as the project progresses!

Bank unveils Her Traditions during Annual Women's Luncheon

We all know the financial realities of each woman's life are unique - different stages, different paths, different personalities, different levels of preparedness. But there's one thing many women have in common, regardless of life stage or situation. Even though a large majority of women handle their families' routine money management duties and influence most purchasing decisions, studies show they are seeking to gain greater confidence about financial matters.

Women are searching for a welcoming place to strengthen their financial knowledge. York Traditions Bank wants to be that place. That's why York Traditions Bank has created **Her Traditions** - an initiative to help make finances come alive and take the mystery out of investing for women.

On Tuesday, June 12, we unveiled **Her Traditions** to one hundred York County women professionals on the stage of the Strand during our 4th Annual Women's Luncheon. Guests were treated to a delicious meal catered by our customers, **White**

Rose Bar & Grill and **My Sweet Sins Bakery**. They were intrigued as local artist, **Brenda Wintermyer** (pictured right), spoke of what inspired her to create the artwork specifically for our women's initiative. **Tom Sibol** of White Rose, who commissioned Brenda to create the large murals of York City which hang in his restaurant, talked about the importance of relationships and, specifically, his relationship with the Bank. And **Holly Buchanan** (pictured left), author and speaker on the subject of marketing to women, explained four distinct financial personalities among women. Finally, Managing Director of Personal Banking, **Carolyn Schaefer**, wrapped up the event by introducing the Financial Personality Indicator - a series of interesting questions we have developed to help identify a woman's unique financial personality.

Equipped with this information about how our women customers relate to money, our professional advisors can better help them learn, become inspired, and take charge of their financial future. We invite you to learn more about Her Traditions and take the Financial Personality Indicator on our website at www.yorktraditionsbank.com/hertraditions!

2012 Scholarship Recipients announced

York Traditions Bank awarded its second annual Women's Leadership Traditions Scholarships in May. We received many outstanding applications from accomplished young women in nearly every school district in York County, which made the choice very challenging. Due to the popularity of this program, we expanded the number of scholarship awards to four.

Pictured between Carolyn Schaefer and Mike Kochenour are (left to right) **Alexandra Lackey** of York Suburban High School, **Abbey Rhodes** of Hanover High School, **Sally Trout** of Dallastown High School, and **Elyse Lee** of Central York High School. Each received \$500 toward their college education based on their "superior leadership skills, admirable academic achievement and promising potential to become a future woman leader of our community."

Do you know of a young woman entering her senior year at a York County high school this fall? Encourage her to apply for the 2013 scholarship. The application and eligibility requirements will be available on our website and in our branches no later than September 1, 2012. Deadline is January 31, 2013.
